

NEW 2024

ROLLER TITAN SIMPLE 630

ADVANTAGES OF THE MACHINE

- Lightweight machine with a weight of 3350 kg for aggregation with tractors of lower power (from 65 kW)
- Simple operation using hydraulic circuits, e.g. folding the machine into the forward transport position or adjusting the height of the leveling bar
- Excellent ground following thanks to the three-part frame and free suspension of each section
- Use of the original TitanLoc system for perfect axial retraction of the cast iron cambridge segments on the shaft

APPLICATION

- Pre-sowing preparation
- Seed rolling after sowing in the fields
- Rough furrow straightening after ploughing
- Firming the soil and promoting seed germination

Type
semi-carried, hydraulically folded

Working width
6,3 m

Working speed
up to 10 km/h

Application
field applications

EU homologation

TECHNICAL DATA

630

Working width	cm	630
Transport width	cm	240
Weight*	kg	3 350
Min. output	kW/HP	65/87
Number of working frames		3
Working speed	km/h	6 - 10
Linkage type		eye 40
Tyre size		400/60-15,5

* Weight varies depending on accessories.
